2023 -2024

TOPIC : LINKED IN WORKSHOP
DATE : 21 /06 /2023 – 23/06/2023
RESOURCE PERSON : MR.VIGNESH & TEAM
NO. OF BENEFICIARIES : 720 (III UG STUDENTS)

Nirmala College for Women's Career Guidance and Placement Cell organized an orientation session for creating an effective profile in social media professional platforms for job opportunities for all II UG year students in the College campus.

Mr.Vignesh and team , of Linked In gave the introductory speech and explained the process of workshop. They also explained about the company and the services provided by them. They discussed about the various job roles like executive roles and managerial roles available in the industry. The workshop then taught the students how to create their individual profiles and upload the same in the linked in. He explained the students how to develop their profile based on each course of study rather than creating a common profile.

Throughout the session the students are taught to improve their communication and presentation skills apart from their effective profiles and to build their own resumes.

It was a very useful session and the students are also enlightened with complete entrepreneurship and innovation ideas which is a gateway for them to earn while they learn.

EVENT : World Record Event Seed Ball Making

DATE : 06/12/2023

Career Guidance and Placement Cell of Nirmala College for Women organized a World record event for seed ball making at the Nirmala College campus on 06/12/2023.

The Event started at 10:00 am in the Nirmala College Campus. Dr.N. Nithya, The Placement Officer of Nirmala College for Women, Coimbatore, Conduct the Event. The students were assembled in the place by maintaining the discipline and decorum.

WHY SEED BALLS?

Among many initiatives to improve green cover, making and distributing seed balls is a quicker and cost-effective methods to gain the depleting of our environment. Seed balls have an 80 percent growth success rate in comparison to regular seedings, which helps people farming in rural areas have a more consistent supply of foods.

The Importance of Seed Ball Program:

Increasing Green Space and Improving Food Security through Seed Balls. Seed balls are marble-sized balls of clay, earth, humus or compost, and seeds. Seed bombing is a farming technique of introducing vegetation to land by throwing or dropping the seed balls. Seed balls help increase green spaces, but seed balls can work well anywhere with a rainy season. Seed balls have an 80 percent growth success rate in comparison to regular seedlings, which helps people farming in rural areas have a more consistent supply of food.

The College on 06/12/2023 at 10:30 A.M in the College Campus. Volunteers prepared seed balls of various seeds under the guidance of Rotary Club members. Started first seed ball for making by Very. Rev. Mother Fabiola Mary Principal and Dr.Sr. A. Kulandai Therese of the college, staff members and students seeded around 10 lakhs seed ball. Principal Very. Rev. Mother Fabiola Mary explained the importance of preparation of seed ball and seeding.

The students are making the seed ball with the equal proportions of red clay soil and compost, mix in 1 to 2 parts waters slowly until you get thick, dough-like consistency and break a small piece off and put the seed you have chosen at the center. Once you have placed your seed, roll the portion of dough between your hands into a marble-sized seed ball. Repeat with the rest of the soil.

Let them dry for an hour until they are fully dry, the dried clay acts as a protective barrier that will prevent damage to the seeds from common seed predators. Once sufficient rain permeates the clay, the seeds inside begin to germinate, helped along by the nutrition and minerals contained within the balls.

The students at Nirmala College for Women have made a world record achievement of making 1.3 million seed balls in a span of 2 hours. In an event that was organized with the Rotary Club of Coimbatore, the students made a 1.3 million seed ball effort and made a Nimala & 1 million letters on the ground.

The Nirmala College for Women received Future kalam's Book of Records and Universal Achievers Book of Records by Rotary Club of Coimbatore.
