Report of Guest Lecture (26.09.2019)

Name of the Activity: Guest Lecture

Title : Human Rights and its Significance

Date: 26.09.2019

No. of Participants: 84 students

Human Rights Committee organized a Guest Lecture on 26.09.2019. Mrs. Lakshmi Krishnan, Advocate, Coimbatore Court served as the Resource Person and spoke on the topic "Human Rights and its Significance". The Resource Person highlighted the students on the importance of human rights and the basic human rights. Human rights are the basic rights and freedom that belong to all people in the world, from birth to death. These rights are based on shared values like dignity, equality, fairness, respect, and independence. These ethics are protected and defined by the laws of various countries. Some human rights are more visible than others. It's much easier for people to relate to rights like the right to vote, or the right to a fair trial in a court of law. These are often related to the roles of government and the democratic process. But some human rights are more fundamental, and often unknown to the public. **84 students were**

benefitted through this session.

Report of Guest Lecture (04.10.2019)

Name of the Activity: Guest Lecture

Title : Human Rights and its values

Date: 04.10.2019

No. of Participants: 84 students

Human Rights Committee organized a Guest Lecture on 04.10.2019. Mrs. Sivagami, Advocate, Coimbatore Court served as the Resource Person and spoke on the topic "Human Rights and its values". The Resource Person spoke about the different types of human rights and its values. Human rights are standards that recognize and protect the dignity of all human beings. Human rights govern how individual human beings live in society and with each other, as well as their relationship with the State and the obligations that the State have towards them. Human rights law obliges governments to do some things, and prevents them from doing others. Individuals also have responsibilities: in using their human rights, they must respect the rights of others. No government, group or individual person has the right to do anything that violates another's rights. Human rights are universal and inalienable. All people everywhere in the world are entitled to them. No one can voluntarily give them up. Nor can others take them away from him or her. Human rights are indivisible. Whether civil, political, economic, social or cultural in nature, they are all inherent to the dignity of every human person. Consequently, they all have equal status as rights. There is no such thing as a

'small' right. There is no hierarchy of human rights. **students were benefitted**
